

**European mortality bulletin week 47, 2011:** Mortality has since the middle of January 2011 been within the normal range for all countries.

Over the last months, all-cause number of deaths, corrected for delay in local reporting of deaths, has been below 2 z-scores. However, a tendency of excess mortality in the age group 5-14 years needs to be careful monitored.

EuroMOMO: week 47 year 2011

EuroMOMO: week 47 year 2011

The analyses, based on eleven countries, were adjusted for differences in local delay of reporting and heterogeneities in pattern and variation between the included countries.
